YOU INVITED TO JOIN US AT THE SCHNEIDER ELECTRIC & NECA EV ROADSHOW

Join Schneider Electric and NECA WA for an exclusive EV Roadshow, designed for contractors, technicians, and project teams who want to stay ahead in the rapidly evolving EV charging landscape.

What you'll gain

- ◆ A clear overview of Schneider Electric EV charging solutions and their ideal applications
- ◆ Key features, functions, and advantages of EV charging fundamentals and the latest product options
- ◆ Common on-site challenges and how Schneider solutions overcome them
- ◆ Insights into emerging industry trends and best-practice recommendations

Expert support on the day

- Answer technical questions
- Provide deeper product guidance
- Support project-specific discussions

You'll leave with a clearer understanding of how Schneider's EV charging technology performs in real-world scenarios. A valuable opportunity to learn, ask questions, and future-proof your expertise.

📌 Seats are limited — Please scan QR Code to RSVP, secure your place today!
